## Investing on Behalf of a Child

The attached application form should be completed if you wish to open a KiwiSaver account on behalf of a child. A child is defined as any investor under the age of 18 years old.

Please note the important information below outlining how a KiwiSaver account opened on behalf of a child is administered by Milford, including who has authority to transact and view the account.

### How to open a KiwiSaver account for your child

To open a KiwiSaver account for children under 18 years old, we'll need to verify their identity, confirm their address and in all instances, you will need to provide additional documents for yourself as the parent(s) or guardian(s) of the child.

	Child is 15 years or younger	Child is 16 or 17 years old
<b>Opening the account</b> Who signs the Application Form to open the account?	One parent/guardian/Oranga Tamariki guardian must sign the application form.  If both parents/guardians require access to the account, then both must sign the application form (and be linked to the account).	The child and one parent/guardian/Oranga Tamariki guardian must sign the application form.  If both parents/guardians require access to the account, then both must sign the application form (and be linked to the account).

The child can also have access if they have their own email address.	Any parent/guardian linked to the account will have access to view the account.  The child can also have access if they have their own email address.

### Tax Rate

The tax rate applied to the account is determined by the ownership of the account. As the child is the account owner, their Prescribed Investor Rate (PIR) will apply.

## Investing on Behalf of a Child

---

### What happens when the child turns 18 years old?

When the child turns 18 years old:

- They remain the legal owner of the account.
- They will now have sole and full authority over the account, including making transfers and withdrawal decisions (noting that the KiwiSaver withdrawal restrictions will still apply).
- For the parent(s)/guardian(s) - any authority over the account ceases at this time. Their portal access to view that particular account is also removed.
- Milford will email the parent/guardian to request that updated contact details and current identity documentation be provided by the child to Milford.

### Other points to note

It is not possible to open a joint KiwiSaver account between a parent and a child nor can you open a KiwiSaver account in the parent's name and then later transfer it to the child's name. An individual, regardless of age, can only have one KiwiSaver account.

If you have any questions regarding the opening and ongoing operation of a KiwiSaver account for a child, please contact the Investor Services team at [info@milfordasset.com](mailto:info@milfordasset.com) or on 0800 662 346.

# Key Information Summary

## What is this?

This is a managed investment scheme. Your money will be pooled with other investors' money and invested in various investments. Milford Funds Limited ('Milford', 'we', 'our', 'us') will invest your money and charge you a fee for its services. The returns you receive are dependent on the investment decisions of Milford and the performance of the investments. The value of those investments may go up or down. The types of investments and the fees you will be charged are described in this Product Disclosure Statement ('PDS').

## What will your money be invested in?

The Milford KiwiSaver Plan ('Plan') offers six funds ('Funds') for you to invest in. These investment options are summarised below. More information about the investment target and strategy for each investment option is provided at Section 3 "Description of your investment option(s)".

**See Section 4 of this document "What are the risks of investing?" for an explanation of the risk indicator and for information about other risks that are not included in the risk indicator. To help you clarify your own attitude to risk, you can seek financial advice or work out your risk profile at [www.sorted.org.nz/tools/investor-profiler](http://www.sorted.org.nz/tools/investor-profiler).**

## Who manages the Milford KiwiSaver Plan?

Milford is the Manager of the Plan. See Section 7 "Who is involved" for more information.

## How can you get your money out?

Generally, you can access your KiwiSaver balance when you reach the age of 65.

There are a limited number of other circumstances in which withdrawals may be made (conditions apply) before reaching the age of eligibility for a retirement withdrawal.

These include:

- 1 you suffer significant financial hardship or serious illness; or
- 2 when you are purchasing your first home; or
- 3 after you permanently emigrate from New Zealand; or
- 4 if a court orders or law requires the release of funds from your investment; or
- 5 if you die; in which case your investment will be paid to your personal representatives; or
- 6 to meet your tax or student loan liability on any transferred foreign superannuation scheme interest.

See Section 2 "How does this investment work?" for more information.

## How will your investment be taxed?

The Plan is a Portfolio Investment Entity ('PIE').

The amount of tax you pay in respect of a PIE is based on your prescribed investor rate ('PIR'). To determine your PIR go to <https://www.ird.govt.nz/pir>. See Section 6 of the PDS (What taxes will you pay?) for more information.

## Where can you find more key information?

Milford is required to publish quarterly updates for each Fund. The updates show the returns, and the total fees actually charged to investors, during the previous year.

The latest Fund Updates are available at [www.milfordasset.com/documents/kiwisaver-funds-quarterly-fund-updates](http://www.milfordasset.com/documents/kiwisaver-funds-quarterly-fund-updates) or at [www.disclose-register.companiesoffice.govt.nz](http://www.disclose-register.companiesoffice.govt.nz). ## How does this investment work?

---

# 02.

The Milford KiwiSaver Plan is registered under the Financial Markets Conduct Act 2013 as a KiwiSaver scheme.

The Plan is a trust governed by a trust deed. The Supervisor of the Plan (or its appointed custodian) holds the Plan's investments. Trustees Executors Limited is the Supervisor ('Supervisor') and supervises performance of our functions and obligations.

The Plan helps you save for retirement and provides retirement benefits for Members. The Plan provides six Funds: Cash, Conservative, Moderate, Balanced, Active Growth and Aggressive, and you can select a Fund or Funds into which your contributions will be placed.

The benefits payable depend on the amount of contributions made either by you alone, or by you and your employer, any additional amounts contributed either by or on behalf of you (such as the government contributions), plus any investment returns on contributions and other money invested.

Your money is pooled with that of other Members of the relevant Fund. The Funds are separately accounted for and assets of one Fund cannot be used to cover the liabilities of another Fund. The interests of Members are represented by units, which confer an equal interest in a Fund and are of equal value. The value of units in each Fund will increase or decrease according to the changing value of the underlying assets in which the Fund has invested.

The Funds are actively managed portfolios that provide a broad range of investment options.

The Funds also utilise the benefits of the PIE tax regime. The Funds are managed by Milford, a wholly owned subsidiary of Milford Asset Management Limited.

There are no regular distributions from the Plan. Conditions apply to withdrawals as described in the 'Withdrawing your investments' section.

Responsible investment, including environmental, social, and governance considerations, is taken into account in the investment policies and procedures of the scheme as at the date of this product disclosure statement. You can obtain an explanation of the extent to which responsible investment is taken into account in those policies and procedures at [www.milfordasset.com/about-us/sustainable-investing](http://www.milfordasset.com/about-us/sustainable-investing).

There is no Crown guarantee in respect of any KiwiSaver scheme or investment product of a KiwiSaver scheme.

### Joining the scheme

You can join the Plan if you are an individual living or normally living in New Zealand (subject to certain exceptions) and you are a New Zealand citizen or entitled to be in New Zealand indefinitely.

# How does this investment work?

## You can join the Plan if you are:

- a member of another KiwiSaver scheme; or
- a non-KiwiSaver member, who is:
  - a new employee where your employer has chosen the Plan as their preferred KiwiSaver scheme; or
  - a person (whether a new employee or not) who is eligible to join.

Milford may reject any application to join the Plan. A current minimum initial lump sum investment of \$1,000 applies if you are new to KiwiSaver and are not joining as an employee.

## Making investments

As at the date of this document, if you are an employee, you can choose to contribute either 3%, 4%, 6%, 8% or 10% of your gross salary or wages (as defined in the KiwiSaver Act 2006). This currently includes salary or wages plus other remuneration such as bonuses and overtime. If you do not select a rate, your contribution rate will automatically default to 3%.

Your employer will deduct your contributions from each payment of your after-tax salary or wages and pay them to Inland Revenue. Inland Revenue will then pay the contributions (with any interest) to the Plan.

You can change your contribution rate at any time by notifying your employer. You can also change your contribution rate by notifying Inland Revenue (using your myIR account) or by notifying Milford direct.

You can also make additional regular or lump sum contributions.

If you are self-employed, not working or taking a savings suspension, or under the age of 18, you can make contributions at any time.

If you become a member of the Plan as a result of being enrolled via your Employer Chosen Scheme and have not selected a Fund, you will be deemed to have selected Balanced.

In the event of the 'Investment Details' section of the application form being incomplete and we have not been able to contact you to determine which Fund you wish to invest, Milford has the discretion to allocate you to Balanced.

## Government Contributions

As at the date of this document, the government will contribute (if you are eligible) 50 cents for every dollar you contribute up to a maximum of \$521.43 per year (1 July to 30 June).

As at the date of this document, you are eligible if you are 18 years or over, reside mainly in New Zealand (exceptions apply) and are below your superannuation qualification age (see below). This is paid directly into your KiwiSaver account around July each year.

## Changes to KiwiSaver

On 22 May 2025, the Government announced the following changes to KiwiSaver.

### Default Contribution Rates

From 1 April 2026, the default contribution rate for employees and compulsory contribution rate for employers will increase as set out below. From 1 April 2026, members aged 16 years and over will also be eligible for compulsory employer contributions.

<sup>^</sup> Note: Targets indicate what are expected to apply over the course of an economic cycle, and should be considered as general only. Milford is an active manager and may at times deploy investment strategies that differ (within the allowable minimum and maximum bounds) materially from the above targets.

<sup>^^</sup> Absolute return funds target positive market returns as well as managing downside risk in falling markets.

\* After the base fund fee but before tax and before the performance fee (if applicable).

\*\* See Section 4 “What are the risks of investing?” for an explanation of the risk indicator.

\*\*\* The Cash Fund’s fixed interest allocation will be invested in commercial paper and term deposits.

Note: Relevant benchmarks and relevant market indices can be found in the Statement of Investment Policy and Objectives (‘SIPO’).

We regularly review our Statement of Investment Policy and Objectives (‘SIPO’) and may amend it, in consultation with the Supervisor. We will notify you of any material changes before making them. Changes will also be communicated no later than the next quarterly Fund Update. The current SIPO can be found at [www.milfordasset.com/forms-documents](http://www.milfordasset.com/forms-documents) or at [www.disclose-register.companiesoffice.govt.nz](http://www.disclose-register.companiesoffice.govt.nz).

Further information about the assets in the Funds can be found in the Fund Updates at [www.milfordasset.com/documents/kiwisaver-funds-quarterly-fund-updates](http://www.milfordasset.com/documents/kiwisaver-funds-quarterly-fund-updates) or at [www.disclose-register.companiesoffice.govt.nz](http://www.disclose-register.companiesoffice.govt.nz).

**Credit risk**

The value of debt securities may be impacted by the issuer's ability to pay interest and principal owed when due. If the issuer's ability to meet its payment obligations is doubted, the value of the debt security may decrease.

**Equity risk**

An investment may be affected by unexpected changes in that company's operations or business environment, including risk of insolvency. If this occurs, the Fund may receive a smaller or no return from, or it may lose, its investment.

**Liquidity risk**

Some investments including investments in other Milford Funds may not be easily converted into cash with little or no loss of capital and minimum delay, because of insufficient availability of buyers, suspension of trading, fund outflows, or market disruptions. This risk is more likely to occur at times of market stress. Securities of small entities in particular may become less liquid. This means you may not be able to withdraw some or all of your money when you want to, or you may receive a lesser amount than expected. Milford may also hold unlisted securities that are less liquid than listed securities. In a similar way, Milford invests in financial derivatives that may contribute to liquidity risk. This form of investment is however generally not undertaken to add leverage to the Funds.

**Currency risk**

Where investments are made outside of New Zealand, returns may be affected by movements between the other currencies and the New Zealand dollar.

More detail on these risks and other general risks is included in the Plan's Other Material Information document available at [www.milfordasset.com/forms-documents](http://www.milfordasset.com/forms-documents) or [www.disclose-register.companiesoffice.govt.nz](http://www.disclose-register.companiesoffice.govt.nz).

## What are the fees?

You will be charged fees for investing in the Funds. Fees are deducted from your investment and will reduce your returns. If Milford invests in other funds, those funds may also charge fees. The fees you pay will be charged in two ways:

- regular charges (for example, annual fund charges). Small differences in these fees can have a big impact on your investment over the long term;
- one-off fees (currently none).

### Total estimated annual fund charges

Fund	Estimated annual fund charges			Other charges
	Base fund fee	Performance-based fees*	Total	
Cash	0.20%	N/A	0.20%	Financial adviser fees (if applicable)^
Conservative	0.85%	N/A	0.85%	
Moderate	0.95%	0.01%	0.96%	
Balanced	1.05%	0.02%	1.07%	
Active Growth	1.05%	0.20%	1.25%	
Aggressive**	1.15%	N/A	1.15%	

\* To estimate the annual performance fee charges, we have simulated the performance of the Fund using its assumed risk and return profile, against its stated performance benchmark over a 20-year time horizon.

\*\* The Aggressive Fund has invested in a related Milford Private Equity Fund that provides a profit share to a related Milford entity (similar to a performance fee). The amount of the profit share is unknown until the realisation of investments within the Milford Private Equity Fund. As at the date of this document, modelling indicates this amount could result in an estimated fee ranging from 0% to 0.03%.

^ See below for description of financial adviser fees.

Please refer to the Member Guide available on our website at [www.milfordasset.com/forms-documents](http://www.milfordasset.com/forms-documents) or [www.disclose-register.companiesoffice.govt.nz](http://www.disclose-register.companiesoffice.govt.nz), for more information on performance fees.

Annual fund charges are made up of:

- a base fund fee
- any applicable estimated performance fees.

Total annual fund charges are set out as a percentage of the Fund's net asset value. Actual fund charges over the past disclosure year are available in the latest Fund Updates.

The base fund fee covers:

- normal fund operating costs such as investment management, supervisor, custodial, fund accounting, audit and legal costs and is paid monthly. These fees are deducted from, and are reflected in, the Fund unit prices of the relevant Funds; and
- estimated underlying external fund charges, where applicable.

Performance fees are deducted from, and are reflected in, the unit prices of the relevant Funds, or deducted from and reflected in the unit prices of other Milford Funds the relevant Funds may invest in.

Fees are inclusive of GST where applicable.

Other fees can be charged on an individual basis for investor specific decisions or actions, such as entry or exit fees or financial adviser fees. At the date of this document, there is no separate entry or exit fee for acquiring units or withdrawing from the Funds. However, the cost of acquiring or selling investments or the buying or selling of units is taken into account in setting the unit price payable on application or withdrawal (see "Swing pricing adjustment" below).

Your financial adviser can charge certain financial adviser fees if they have an agreement in place with us and you have authorised the fee to be deducted from your account balance and paid to them. Financial Adviser fees (if applicable) are paid monthly. Further information about financial adviser fees including applicable charges and when they are payable can be found at: [www.milfordasset.com/forms-documents](http://www.milfordasset.com/forms-documents).

## Performance fees

A performance fee (capped at 0.95% of the Fund's average net asset value) is charged for Active Growth.

Moderate and Balanced do not directly charge performance fees, but they may invest directly or indirectly in related Milford funds (including Australian Absolute Growth) that have performance fees.

Performance fees are payable (to us), as a percentage of the excess return above the hurdle rate of return (after deduction of the base fund fee but before tax and the performance fee), assuming we have exceeded the high water mark. The hurdle rate of return is measured across twelve-month review periods to 31 March and is the minimum return the Fund must achieve before being able to charge a performance fee. The fees applying and each Fund's hurdle rate and high water mark are shown in the table below.

For absolute return style funds you may be paying a performance fee if the Fund's performance beats the hurdle rate of return but does not beat the performance of the blend of market indices applying to the Fund\*.

For a performance fee to be payable, the net asset value per unit of the Fund (before tax and distributions) must exceed the last applicable high water mark.

## What are the fees?

		Performance Fee amount (as a percentage of the excess return)	Performance Fee cap	Hurdle Rate of Return*	High Water Mark
Absolute Return Funds	Active Growth	15%	0.95% of average NAV	10%	The Fund's previous highest ever net asset value per unit achieved on the performance payment review date.
	Australian Absolute Growth <i>(Not available for direct investment)</i>	15%	0.95% of average NAV	OCR plus 5%	Being an absolute return style fund, only absolute performance losses relative to the high water mark are carried forward into the next performance period.

Performance payment review date (how often the performance fee may be paid)	The 12-month period is to 31 March annually. The payment will be made within 10 business days and a new performance period will start.
---	---

\* In our Fund Updates we are required to report the Fund's performance against a market index and have therefore provided a blend of market indices that represent the Fund's target asset class positions.

## Swing pricing adjustment

Investors in a Fund can suffer dilution in value of their unitholding as a result of transaction costs brought about by other investors buying or selling units in the Fund. This reduction in value is due to the costs incurred when trading the Fund's underlying assets. In order to mitigate this effect and to protect unitholders' interests, we adopt a swing pricing mechanism as part of our unit valuation process. We calculate a swing factor adjustment for each Fund that, subject to a threshold being met, is applied daily when setting the price for applications and withdrawals.

The swing factor adjustment is not a fee. It is retained in the Fund to offset against the estimated transaction costs that arise from investors' applications and withdrawals. The amount of the adjustment may vary between Funds and is reviewed by us periodically in line with current market trading costs. Swing factor adjustments may change, particularly in times of heightened market volatility. Please note that the adjustment may not entirely cover transaction costs in all circumstances.

For each fund's current swing factor adjustment, please see [www.milfordasset.com/forms-documents](http://www.milfordasset.com/forms-documents).

For further information please refer to the "Member Guide" for the Plan which can be found at [www.milfordasset.com/forms-documents](http://www.milfordasset.com/forms-documents) or [www.disclose-register.companiesoffice.govt.nz](http://www.disclose-register.companiesoffice.govt.nz).

## Example of how fees apply to an investor

Alex, aged 35, invests \$10,000 in Balanced. He does not pay financial advice fees. Alex is not charged an establishment fee or a contribution fee, because there are currently none. A swing factor adjustment of 0.11%\* is applied to the unit price he pays for his investment. This equates to \$11 and is paid into the Fund, not to us.

This brings the starting value of his investment to approximately \$9,989.

He is also charged management and administration fees (base fund fee), which work out to about \$105 (1.05% of \$9,989). These fees might be more or less if his account balance has increased or decreased over the year.

Alex may also be indirectly charged a performance-based fee if the underlying Milford Funds in which Balanced is invested earned more than their target.

Over the next year, Alex pays no other charges.

\* For this example, an assumption has been made that there has been a net daily inflow to Balanced prompting a swing factor adjustment and the unit price has therefore swung up. For each Fund's current swing factor adjustment, please see [milfordasset.com/forms-documents](http://milfordasset.com/forms-documents).

### Estimated total fees for the first year

Fund	Fund charges	Other Charges
Balanced	\$105	Nil

See the latest Fund Update for an example of the actual returns and fees investors were charged over the past year.

This example applies only to Balanced. If you are considering investing in other Funds in the scheme, this example may not be representative of the actual fees you may be charged.

## The fees can be changed

The existing fees may be changed or new fees imposed, provided we give you notice. We must publish a Fund Update for each Fund showing the fees actually charged during the most recent year. Fund Updates, including past Updates, are available at [www.milfordasset.com/documents/kiwisaver-funds-quarterly-fund-updates](http://www.milfordasset.com/documents/kiwisaver-funds-quarterly-fund-updates) or at [www.disclose-register.companiesoffice.govt.nz](http://www.disclose-register.companiesoffice.govt.nz).

## What taxes will you pay?

The Plan is a Portfolio Investment Entity ('PIE'). The amount of tax you pay is based on your prescribed investor rate ('PIR'). To determine your PIR go to <https://www.ird.govt.nz/pir>. If you are unsure of your PIR, we recommend you seek professional advice or contact Inland Revenue.

It is your responsibility to tell Milford your PIR when you invest or if your PIR changes. If you do not tell Milford, a default rate may be applied.

If the rate applied to your PIE income is lower than your correct PIR you will be required to pay any tax shortfall as part of the income tax year-end process. If the rate applied to your PIE income is higher than your PIR any tax over-withheld will be used to reduce any income tax liability you may have for the tax year and any remaining amount will be refunded to you.

You must provide us with your IRD number when you invest. In most instances, failure to do so within six weeks means we will need to close your account. You must provide us with both your IRD number and PIR, or tax is required to be deducted at the highest PIR. Current PIRs can be found in the application form at the back of this PDS.

We may be notified by Inland Revenue to update your PIR if they believe it is incorrect. We are required to apply this updated PIR. However, you can provide us with a different PIR if you believe that the Inland Revenue notified PIR is incorrect. Contact Inland Revenue for more information.

Please see the Member Guide at [www.milfordasset.com/forms-documents](http://www.milfordasset.com/forms-documents) or [www.disclose-register.companiesoffice.govt.nz](http://www.disclose-register.companiesoffice.govt.nz) for further information on tax.
