What is the purpose of this statement?

We prepared this statement in accordance with the KiwiSaver (Periodic Disclosure) Regulations 2013. This information is not audited and may be updated.

Description of the Fund

The Fund's objective is to generate positive annual returns of at least 10% (after the capped management fee and before tax and the performance fee) over the medium to longer term. To achieve this, the Fund is actively managed and will usually be primarily invested directly (or indirectly through pooled funds) in listed and unlisted equities in New Zealand, Australian and global entities. However, it can hold material levels of cash and fixed interest securities when attractive opportunities are scarce.
