The Fund rose 1.6% in July, benefiting from strong share markets in Australia and New Zealand. Share markets remain supported by investors seeking alternatives to low interest rates. The Fund's investment in the Dynamic Fund performed strongly rising 4.9% for the month.

Key company performers during the month included a2 Milk (+22.8%) and Ebos (+7.7%) in New Zealand, Australian property company Aventus (+7.9%) and Google's parent company Alphabet (+12.6%). a2 shares rebounded as the market speculated they will deliver a strong earnings result in August whilst Google rose following a strong quarterly earnings report.

During the month the Fund took advantage of strong share market performances to reduce exposure to New Zealand and Australian shares - in particular, we trimmed holdings in a2 Milk and Contact Energy.

Looking forward we believe shares will be supported by very low interest rates, reasonable dividend yields and positive economic growth. Key headwinds for shares are relatively high valuations, slowing economic growth and political uncertainty. Given this backdrop and the rise in share market valuations this year, the Fund is cautious with a lower than average weight toward shares. Looking forward we continue to work hard to isolate those companies which we believe have strong prospects and will deliver strong returns.
