## Investing on Behalf of a Minor

---

The attached application form should be completed if you wish to open a KiwiSaver account on behalf of a Minor. A Minor is defined as any investor under the age of 18 years old.

Please note the important information below outlining how an investment account made on behalf of a Minor is administered by Milford, including who has authority to transact on and view the account.

### How to open a KiwiSaver account for your child

To open a KiwiSaver account for children under 18 years old, we'll need to verify their identity, confirm their address and in all instances, you will need to provide additional documents for yourself as the parent(s) or guardian(s) of the child.

	Child is 15 years or younger	Child is 16 or 17 years old
<b>Opening the account</b> Who signs the Application Form to open the account?	Both parents/guardians or one Oranga Tamariki guardian must sign the form (and be linked to the account).	Child + one parent/guardian/Oranga Tamariki guardian must sign the Application Form.
<b>Access to Client Portal</b> Who can have access to the online client portal?	Any parent/guardian linked to the account will have access to view the account.  The Child can also have access if they have their own email address.	The parent/guardian will have access to view the account.  The Child can also have access if they have their own email address.

### Tax Rate

The tax rate applied to the account is determined by the ownership of the account. As the Minor is the account owner, their Prescribed Investor Rate (PIR) will apply.

## Investing on Behalf of a Minor

---

### What happens when the Minor turns 18 years old?

When the Minor turns 18 years old:

- They remain the legal owner of the account.
- They will now have sole and full authority over the account, including making transfers and withdrawal decisions (noting that the KiwiSaver withdrawal restrictions will still apply).
- For the parent(s)/guardian(s) - any authority over the account ceases at this time. Their portal access to view that particular account is also removed.
- Milford will email the parent/guardian to request that updated contact details and current AML documentation be provided by the Minor to Milford.

### Other points to note

It is not possible to open a joint KiwiSaver account between a Parent and a Child nor can you open a KiwiSaver account in the Parent's name and then later transfer it to the Child's name. An individual, regardless of age, can only have one KiwiSaver account.

If you have any questions regarding the opening and ongoing operation of a Minor KiwiSaver account, please contact the Investor Services team at [info@milfordasset.com](mailto:info@milfordasset.com) or on 0800 662 346.

**MILFORD**  
INVESTED IN YOU

This document gives you important information about this investment to help you decide whether you want to invest. There is other useful information about this offer on [www.disclose-register.companiesoffice.govt.nz](http://www.disclose-register.companiesoffice.govt.nz). Milford Funds Limited has prepared this document in accordance with the Financial Markets Conduct Act 2013. You can also seek advice from a financial adviser to help you to make an investment decision.

# Key Information Summary

# 01.

## What is this?

This is a managed investment scheme. Your money will be pooled with other investors' money and invested in various investments. Milford Funds Limited ('Milford', 'we', 'our', 'us') will invest your money and charge you a fee for its services. The returns you receive are dependent on the investment decisions of Milford and the performance of the investments. The value of those investments may go up or down. The types of investments and the fees you will be charged are described in this Product Disclosure Statement ('PDS').

## What will your money be invested in?

The Milford KiwiSaver Plan ('Plan') offers six funds ('Funds') for you to invest in. These investment options are summarised below. More information about the investment target and strategy for each investment option is provided at Section 3 "Description of your investment option(s)".

**See Section 4 of this document "What are the risks of investing?" for an explanation of the risk indicator and for information about other risks that are not included in the risk indicator. To help you clarify your own attitude to risk, you can seek financial advice or work out your risk profile at [www.sorted.org.nz/tools/investor-kickstarter](http://www.sorted.org.nz/tools/investor-kickstarter).**

## Who manages the Milford KiwiSaver Plan?

Milford is the Manager of the Plan. See Section 7 "Who is involved" for more information.

## How can you get your money out?

Generally, you can access your KiwiSaver balance when you reach the age of 65.

There are a limited number of other circumstances in which withdrawals may be made (conditions apply) before reaching the age of eligibility for a retirement withdrawal.

These include:

- 1 you suffer significant financial hardship or serious illness; or
- 2 when you are purchasing your first home; or
- 3 after you permanently emigrate from New Zealand; or
- 4 if you transfer from this scheme to another KiwiSaver scheme; or
- 5 if a court orders or law requires the release of funds from your investment; or
- 6 if you die; in which case your investment will be paid to your personal representatives; or
- 7 to meet your tax or student loan liability on any transferred foreign superannuation scheme interest.

See Section 2 "How does this investment work?" for more information

## How will your investment be taxed?

The Plan is a Portfolio Investment Entity ('PIE'). The amount of tax you pay in respect of a PIE is based on your prescribed investor rate ('PIR'). To determine your PIR go to <https://www.ird.govt.nz/pir>. See Section 6 of the PDS (What taxes will you pay?) for more information.

## Where can you find more key information?

Milford is required to publish quarterly updates for each Fund. The updates show the returns, and the total fees actually charged to investors, during the previous year.

The latest Fund Updates are available at [www.milfordasset.com/documents/kiwisaver-funds-quarterly-fund-updates](http://www.milfordasset.com/documents/kiwisaver-funds-quarterly-fund-updates). We will also give you copies of those documents on request.

## How does this investment work?

---

# 02.

The Milford KiwiSaver Plan is registered under the Financial Markets Conduct Act 2013 as a KiwiSaver scheme.

The Plan is a trust governed by a trust deed. The Supervisor of the Plan (or its appointed custodian) holds the Plan's investments. Trustees Executors Limited is the Supervisor ('Supervisor') and supervises performance of our functions and obligations.

The Plan helps you save for retirement and provides retirement benefits for Members. The Plan provides six Funds: Cash, Conservative, Moderate, Balanced, Active Growth and Aggressive, and you can select a Fund or Funds into which your contributions will be placed.

The benefits payable depend on the amount of contributions made either by you alone, or by you and your employer, any additional amounts contributed either by or on behalf of you (such as the government contributions), plus any investment returns on contributions and other money invested.

Your money is pooled with that of other Members of the relevant Fund. The Funds are separately accounted for and assets of one Fund cannot be used to cover the liabilities of another Fund. The interests of Members are represented by units, which confer an equal interest in a Fund and are of equal value. The value of units in each Fund will increase or decrease according to the changing value of the underlying assets in which the Fund has invested.

The Funds are actively managed portfolios that provide a broad range of investment options.

The Funds also utilise the benefits of the PIE tax regime. The Funds are managed by Milford, a wholly owned subsidiary of Milford Asset Management Limited.

There are no regular distributions from the Plan. Conditions apply to withdrawals as described in the 'Withdrawing your investments' section.

Responsible investment, including environmental, social, and governance considerations, is taken into account in the investment policies and procedures of the scheme as at the date of this product disclosure statement. You can obtain an explanation of the extent to which responsible investment is taken into account in those policies and procedures at [www.milfordasset.com/new-to-investing/our-investment-approach](http://www.milfordasset.com/new-to-investing/our-investment-approach).

There is no Government guarantee in respect of any KiwiSaver scheme or investment product of a KiwiSaver scheme.

### Joining the scheme

You can join the Plan if you are an individual living or normally living in New Zealand (subject to certain exceptions) and you are a New Zealand citizen or entitled to be in New Zealand indefinitely.

# How does this investment work?

---

## You can join the Plan if you are:

- a member of another KiwiSaver scheme; or
- a non-KiwiSaver member, who is:
  - a new employee where your employer has chosen the Plan as their preferred KiwiSaver scheme; or
  - a person (whether a new employee or not) who is eligible to join.

Milford may reject any application to join the Plan. A current minimum initial lump sum investment of \$1,000 applies if you are new to KiwiSaver and are not joining as an employee.

## Making investments

If you are an employee, you can choose to contribute either 3%, 4%, 6%, 8% or 10% of your gross salary or wages (as defined in the KiwiSaver Act 2006). This currently includes salary or wages plus other remuneration such as bonuses and overtime.

If you do not select a rate, your contribution rate will automatically default to 3%.

Your employer will deduct your contributions from each payment of your after-tax salary or wages and pay them to Inland Revenue. Inland Revenue will then pay the contributions (with any interest) to the Plan.

You can change your contribution rate to either 3%, 4%, 6%, 8% or 10% of your gross salary or wages at any time by notifying your employer.

You can also make additional regular or lump sum contributions.

If you are self-employed, not working or taking a savings suspension, or under the age of 18, you can make contributions at any time.

If you become a member of the Plan as a result of being enrolled via your Employer Chosen Scheme and have not selected a Fund, you will be deemed to have selected Moderate.

In the event of the 'Investment Details' section of the application form being incomplete and we have not been able to contact you to determine which Fund you wish to invest, Milford has the discretion to allocate you to Moderate.

## Government Contributions

The government will contribute (if you are eligible) 50 cents for every dollar you contribute up to a maximum of \$521.43 per year (1 July to 30 June). You are eligible if you are 18 years or over, reside mainly in New Zealand (exceptions apply) and are below your superannuation qualification age (see below). This is paid directly into your KiwiSaver account around July each year.

## Withdrawing your investments

You can only withdraw your investment as specified in the KiwiSaver Act 2006 or otherwise as required by law. Your interest in the Plan may not be assigned or charged or passed to any other person.

You may only withdraw your contributions in the following circumstances:

### Superannuation qualification age

You can withdraw your investment when you reach the New Zealand superannuation qualification age (currently 65).

On reaching the New Zealand superannuation qualification age, you can:

- withdraw your full investment, in which case your account will be permanently closed; or
- withdraw part of your investment (conditions apply); and/or
- make regular withdrawals (conditions apply).

### First home

Once you have been in KiwiSaver for three years, you may be eligible to withdraw your investment (leaving a minimum of \$1,000 in your account) to put towards buying your first home.

## Other early withdrawals

You may be eligible to withdraw all or part of your investment early on application to us and provided certain conditions are met. More information, including conditions applying, is available in the Member Guide found at [www.milfordasset.com/forms-documents](http://www.milfordasset.com/forms-documents) or [www.disclose-register.companiesoffice.govt.nz](http://www.disclose-register.companiesoffice.govt.nz).

### Transfer to another KiwiSaver scheme

You may transfer to another KiwiSaver scheme at any time. You may only be a member of one KiwiSaver scheme at a time.

### Suspending withdrawals

We may, with prior notice to the Supervisor, defer payment of a withdrawal where, due to certain circumstances arising (for example, political or market conditions), we form the opinion that it is not practicable, or would be materially prejudicial to Members, for such withdrawals to be made.

### How to switch between Funds

You can switch from one Fund to one or more Funds online via your client portal or by signing and returning a Switch Form found at [www.milfordasset.com/forms-documents](http://www.milfordasset.com/forms-documents).

### Payment of withdrawals

While it is intended that approved withdrawals (and applications) will be processed at the next available unit price after the withdrawal (or application) process is completed, up to 10 business days' notice of a large withdrawal (or application) may at times be required.

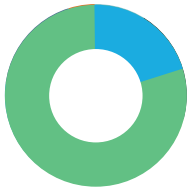

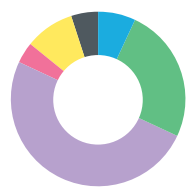

<sup>1</sup> The Government kick-start applies only if you joined a KiwiSaver scheme prior to 21 May 2015.

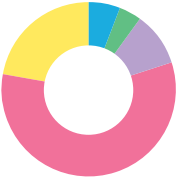

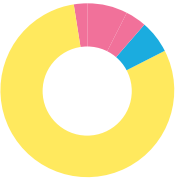

<sup>2</sup> You must leave at least \$1,000 in your KiwiSaver account and you cannot withdraw any amounts transferred from an Australian complying superannuation fund. You may also be eligible as a 'second chance' home buyer. Please see the Member Guide for more information.

<sup>3</sup> Withdrawals can be used only to transfer your balance (if it is below a maximum amount) to an Australian complying superannuation scheme.

\* After the base fund fee but before tax and before the performance fee (if applicable).

\*\* See Section 4 “What are the risks of investing?” for an explanation of the risk indicator.

\*\*\* Market index returns have been used for the period in the table below to calculate the risk indicator for Conservative, as its investment policy was changed significantly in September 2015 and its returns before the change would not reflect its current investment policy; To calculate the risk indicator for Cash, Moderate and Aggressive we have used a mix of actual returns and market index returns to provide completed 5 year returns as the Funds were launched within the last 5 years. This means that the risk indicators for Cash, Conservative, Moderate and Aggressive do not reflect the actual returns for the periods specified in the table below and may provide a less reliable indicator of the potential future volatility of the Funds.

Fund	Period of market returns used
Cash	01/07/2015 to 26/03/2020
Conservative	01/07/2015 to 31/08/2015
Moderate	01/07/2015 to 26/03/2020
Aggressive	01/07/2015 to 31/07/2019

We regularly review our Statement of Investment Policy and Objectives (‘SIPO’) and may amend it, in consultation with the Supervisor. We will notify you of any material changes before making them. Changes will also be communicated no later than the next quarterly Fund Update. The current SIPO can be found at [www.milfordasset.com/forms-documents](http://www.milfordasset.com/forms-documents) or at [www.disclose-register.companiesoffice.govt.nz](http://www.disclose-register.companiesoffice.govt.nz).

## What are the risks of investing?

### Understanding the risk indicator

Managed funds in New Zealand must have a standard risk indicator. The risk indicator is designed to help investors understand the uncertainties both for loss and growth that may affect their investment. You can compare funds using the risk indicator.

See Section 3 “Description of your investment option(s)” for the risk indicators which have been calculated for the Funds.

The risk indicator is rated from 1 (low) to 7 (high). The rating reflects how much the value of the Fund’s assets goes up and down (volatility). A higher risk generally means higher potential returns over time, but more ups and downs along the way.

To help you clarify your own attitude to risk, you can seek financial advice or work out your risk profile at [www.sorted.org.nz/tools/investor-kickstarter](http://www.sorted.org.nz/tools/investor-kickstarter).

Note that even the lowest category does not mean a risk-free investment, and there may be other risks that are not captured by this rating.

This risk indicator is not a guarantee of a Fund’s future performance. The risk indicator is based on the returns data for the five years to 30 June 2020. While risk indicators are usually relatively stable, they do shift from time to time. You can see the most recent risk indicator in the latest Fund Update for the relevant Fund.

The risk indicator has been calculated on the basis of five years of historic fund returns where available, and market index returns where required. Hence, the returns data used may not represent a full investment cycle for the Fund and the risk category may be different if calculated using a longer timeframe. If the period of returns used reflected an environment of unusually low or unusually high volatility, the risk indicator may not reflect the Fund’s future volatility.

### General investment risks

Some of the things that may cause the Fund’s value to move up and down, which affect the risk indicator, are:

#### Investment return risk

Past performance is no guarantee of future performance. There is a risk that a Fund may underperform compared with its investment objective or with the market.

#### Market risk

A Fund’s returns will be affected by the performance of the investments chosen for that Fund which may in turn, be affected by the performance of investment markets generally. This risk includes demand and supply in the market and economic and regulatory conditions, including market sentiment, inflation, interest rates, employment, political events, environmental and technological issues, and consumer demands.

#### Interest rate risk

The market value of the investments of a Fund can change due to changes in interest rates.

The market value of fixed interest securities can fluctuate significantly with relatively small changes in interest rates.

**Credit risk**

The value of debt securities may be impacted by the issuer's ability to pay interest and principal owed when due. If the issuer's ability to meet its payment obligations is doubted, the value of the debt security may decrease.

**Equity risk**

An investment may be affected by unexpected changes in that company's operations or business environment, including risk of insolvency. If this occurs, the Fund may receive a smaller or no return from, or it may lose, its investment.

**Liquidity risk**

Some investments including investments in other Milford Funds may not be easily converted into cash with little or no loss of capital and minimum delay, because of insufficient availability of buyers, suspension of trading, fund outflows, or market disruptions. Securities of small entities in particular may become less liquid. Milford may hold unlisted securities that are less liquid than listed securities.

**Currency risk**

Where investments are made outside of New Zealand, returns may be affected by movements between the other currencies and the New Zealand dollar.

More detail on these risks and other general risks is included in the Plan's Other Material Information document available at [www.milfordasset.com/forms-documents](http://www.milfordasset.com/forms-documents) or [www.disclose-register.companiesoffice.govt.nz](http://www.disclose-register.companiesoffice.govt.nz).

## What are the fees?

You will be charged fees for investing in the Funds. Fees are deducted from your investment and will reduce your returns. If Milford invests in other funds, those funds may also charge fees. The fees you pay will be charged in two ways:

- regular charges (for example, annual fund charges). Small differences in these fees can have a big impact on your investment over the long term;
- one-off fees (currently none).

### Total estimated annual fund charges, performance-based fees and other charges

Fund	Estimated annual fund charges			Other Charges
	Base fund fee	Performance-based fees*	Total	
Cash	0.20%	N/A	0.20%	Administration fee: \$36 <sup>^</sup> Financial adviser fees (if applicable) <sup>^^</sup>
Conservative	0.95%	N/A	0.95%	
Moderate	0.95%	0.01%	0.96%	
Balanced	1.05%	0.02%	1.07%	
Active Growth	1.05%	0.15%	1.20%	
Aggressive	1.15%	0%	1.15%	

\* To estimate the annual performance fee charges, we have simulated the performance of the Fund using its assumed risk and return profile, against its stated performance benchmark over a 20-year time horizon.

The estimated performance fee result is 0% for Aggressive as the performance benchmark of the underlying funds in which it invests (where applicable) is the market index. Those funds need to achieve above the market index for a performance fee to be payable.

<sup>^</sup> The administration and registry fee is not charged for Members under 21 years of age and those 65 years and over.

<sup>^^</sup> See below for description of financial adviser fees.

### Actual average performance fees for applicable Funds for completed performance years since each Fund's inception:

Fund	Historical average performance-based fees
Balanced	0.23%
Active Growth	0.38%

Please refer to the Member Guide for more information on performance fees.

Annual fund charges are made up of:

- a base fund fee
- any applicable estimated performance fees.

Total annual fund charges are set out as a percentage of the Fund's net asset value. Actual fund charges over the past disclosure year are available in the latest Fund Updates.

The base fund fee covers:

- normal fund operating costs such as investment management, supervisor, custodial, fund accounting, audit and legal costs and is paid monthly. These fees are deducted from, and are reflected in, the Fund unit prices of the relevant Funds; and
- estimated underlying external fund charges, where applicable.

If Milford is unable to determine external fund charges, then these have been estimated from recent financial statements based on the actual costs as a percentage of the average net asset value that were charged for the fund's previous financial year. These are reflected in the prices of the external funds that are used in the calculation of the unit price of the relevant Fund.

Performance fees are deducted from, and are reflected in, the unit prices of the relevant Funds, or deducted from and reflected in the unit prices of other Milford Funds the relevant Funds may invest in.

The other charges cover fees that relate to the administration of your account. They are charged by us and are paid monthly.

Fees are inclusive of GST where applicable.

Other fees can be charged on an individual basis for investor specific decisions or actions, such as entry or exit fees or financial adviser fees. At the date of this document, there is no separate entry or exit fee for acquiring units or withdrawing from the Funds. However, the cost of acquiring or selling investments or the buying or selling of units is taken into account in setting the unit price payable on application or withdrawal (see "Swing pricing adjustment" below).

Your financial adviser can charge certain financial adviser fees if they have an agreement in place with us and you have authorised the fee to be deducted from your account balance and paid to them. Further information about financial adviser fees including applicable charges and when they are payable can be found at [www.milfordasset.com/forms-documents](http://www.milfordasset.com/forms-documents).

## Performance fees

Active Growth charges a performance fee. Cash and Conservative do not charge performance fees. Moderate, Balanced and Aggressive do not directly charge performance fees, but they may invest directly or indirectly in related Milford funds that have performance fees (see table below).

Our performance fees are based on a hurdle rate of return. The 'hurdle rate' is the minimum return the Fund must achieve before being able to charge a performance fee.

In our Fund Updates we are required to report the Fund's performance against a market index and have therefore provided a blend of market indices that represent the Fund's target asset class positions.

Active Growth and the Milford Australian Absolute Growth Fund ('Australian Absolute Growth')(into which Balanced invests) are absolute return style funds; the hurdle rate of return (which represents the Fund's aims) is the measure for the Fund's performance-based fees. This means you may be paying a performance fee if the Fund's performance beats the hurdle rate of return but does not match or beat the performance of the blend of market indices.

# What are the fees?

## Active Growth performance fee; and Balanced and Aggressive - performance fees for related Milford Funds that Balanced and Aggressive may invest into

Element	Description	Absolute Return		Relative Return		
		Active Growth	Australian Absolute Growth	Global Equity	Trans-Tasman Equity	Dynamic
Hurdle rate of return (benchmark)	The return that must be achieved before a performance fee applies (after the base fund fee but before tax and before the performance fee).	10% per annum measured across 12 month performance payment review periods.	Based on the OCR plus 5% per annum measured across six-month performance payment review periods.	MSCI World Index with net dividends reinvested (50% NZD-hedged).	A mix of 50% S&P/ASX 200 Total Return Index (100% NZD-hedged) and 50% S&P/NZX 50 Gross Index.	The S&P/ASX Small Ordinaries Total Return Index (100% NZD-hedged).
Fee on excess return	The fee payable on the amount of the return above the hurdle rate of return.	The performance fee is equal to 15% of the amount by which the performance of the Fund (after the deduction of the base fund fee but before tax, the performance fee and distributions) exceeds the hurdle rate of return.				
Performance fee cap	A cap (if any) on the amount of the performance fee.	There is no cap on the level of performance fees.				
High water mark	<p><b>Absolute Return Funds</b> The high water mark is the Fund's previous highest ever net asset value per unit achieved on the performance payment review dates.</p> <p><b>Relative Return Funds</b> The high water mark is the Fund's net asset value per unit used in the calculation of the last performance fee paid on the performance payment review dates.</p>	Where the value of the Fund goes up and then down over multiple periods, this ensures that no performance fee is payable until the last applicable high water mark has been reached.			For a performance fee to be payable at the end of a particular 12 month (Active Growth only) or six month period, the net asset value per unit of the Fund (before tax, the performance fee and distributions) must exceed the high water mark.	
		Absolute performance losses are carried forward into the next performance period.		Performance gains (if the high water mark is not achieved) or performance losses (relative to benchmark) are carried forward into the next performance period.		
Performance payment review date	How often the performance fee may be payable.	Intended at the date of this document to be annually on 31 March (Active Growth only) or six months to 31 March and six months to 30 September, except for Australian Absolute Growth which is six months to 30 June and six months to 31 December. The payment will be made within 10 business days and a new performance period will start.				
Performance fees are payable to Milford as Manager of the Funds.						

## Swing pricing adjustment

Investors in a Fund can suffer dilution in value of their unitholding as a result of transaction costs brought about by other investors buying or selling units in the Fund. This reduction in value is due to the costs incurred when trading the Fund's underlying assets. In order to mitigate this effect and to protect unitholders' interests, on or around 5 August 2020 we will be adopting a swing pricing mechanism as part of our unit valuation process. We will calculate a swing factor adjustment for each Fund that, subject to a threshold being met, will be applied daily when setting the price for applications and withdrawals.

The swing factor adjustment is not a fee. It is retained in the Fund to offset against the estimated transaction costs that arise from investors' applications and withdrawals. The amount of the adjustment may vary between Funds and is reviewed by us periodically in line with current market trading costs. Swing factor adjustments may change, particularly in times of heightened market volatility. Please note that the adjustment may not entirely cover transaction costs in all circumstances.

For each fund's current swing factor adjustment, please see [www.milfordasset.com/forms-documents](http://www.milfordasset.com/forms-documents).

For further information please refer to the "Member Guide" for the Plan which can be found at [www.milfordasset.com/forms-documents](http://www.milfordasset.com/forms-documents) or [www.disclose-register.companiesoffice.govt.nz](http://www.disclose-register.companiesoffice.govt.nz).

## Example of how fees apply to an investor

Alex, aged 35, invests \$10,000 in Balanced. He is not charged an establishment fee or a contribution fee, because there are currently none. A swing factor adjustment of 0.13%\* is applied to the unit price he pays for his investment. This equates to \$13 and is paid into the Fund, not to us.

This brings the starting value of his investment to approximately \$9,987.

He is also charged management and administration fees (base fund fee), which work out to about \$105 (1.05% of \$9,987). These fees might be more or less if his account balance has increased or decreased over the year.

Alex may also be indirectly charged a performance-based fee if the underlying Milford Funds in which Balanced is invested earned more than their target.

Over the year, Alex pays other charges of \$36.

\* For this example, an assumption has been made that there has been a net daily inflow to Balanced prompting a swing factor adjustment and the unit price has therefore swung up. For each Fund's current swing factor adjustment, please see [www.milfordasset.com/forms-documents](http://www.milfordasset.com/forms-documents).

### Estimated total fees for the first year

Fund	Fund charges	Other Charges
Balanced	\$105	\$36

See the latest Fund Update for an example of the actual returns and fees investors were charged over the past year.

This example applies only to Balanced. If you are considering investing in other Funds in the scheme, this example may not be representative of the actual fees you may be charged.

## The fees can be changed

The existing fees may be changed or new fees imposed, provided we give you notice. We must publish a Fund Update for each Fund showing the fees actually charged during the most recent year. Fund Updates, including past Updates, are available at [www.milfordasset.com/documents/kiwisaver-funds-quarterly-fund-updates](http://www.milfordasset.com/documents/kiwisaver-funds-quarterly-fund-updates) or at [www.disclose-register.companiesoffice.govt.nz](http://www.disclose-register.companiesoffice.govt.nz).

## What taxes will you pay?

The Plan is a Portfolio Investment Entity ('PIE'). The amount of tax you pay is based on your prescribed investor rate ('PIR'). To determine your PIR go to <https://www.ird.govt.nz/pir>. If you are unsure of your PIR, we recommend you seek professional advice or contact Inland Revenue.

It is your responsibility to tell Milford your PIR when you invest or if your PIR changes. If you do not tell Milford, a default rate may be applied.

For income years prior to the 2020/21 income year, if the advised PIR was lower than the correct PIR, you will need to complete a personal tax return and pay any tax shortfall, interest, and penalties. If the default rate or the advised PIR was higher than the correct PIR, you will not get a refund of any overpaid tax.

You must provide us with your IRD number. Failure to do so means by law we need to exit you in 6 weeks. You must supply us with both your IRD number and PIR,

or tax is required to be deducted at the highest PIR. Current PIRs can be found in the application form at the back of this PDS.

We may be notified by Inland Revenue to update your PIR if they believe it is incorrect. We are required to apply this updated PIR. However, you can provide us with a different PIR if you believe that the Inland Revenue notified PIR is incorrect. From the 2020/21 tax year onwards, you may be entitled to a refund in respect of overpaid PIE tax. Contact Inland Revenue for more information.

Please see the Member Guide at [www.milfordasset.com/forms-documents](http://www.milfordasset.com/forms-documents) or [www.disclose-register.companiesoffice.govt.nz](http://www.disclose-register.companiesoffice.govt.nz) for further information on tax.
